The thing that I always take away from any disaster is how important it is to be fluid: for our patients and for ourselves. Wildfire in the Cariboo Regional District During the 2017 wildfires, one of our biggest challenges was acquiring medications for patients while the highway was closed. ItèAAAs a widespread problem, especially with older adults because it increases with aging, yet more than half wonèAAAt discuss their condition with a primary care provider. Learn about surgeries we offer and recovery tips. Our nurse practitioner Patrice Gordon and I gathered information about what medications our patients needed; some patients are so remote they required visitation by horseback from Patrice. "When a client is stepping forward with a concern or a story or an experience to share, that feedback is a gift for us and it leads to an opportunity to improve our care and services and make them safe for everybody's use," says Shari. We called the prescriptions into a ShopperèAAAs Drug Mart in Nanaimo and they flew the medications into Bella Coola, where the medications were picked up by the RCMP and driven to the clinic or the local manor, where I was assisting after hours making food for fire crews. Culturally safe recourse means that a patient or client has control of how the resolution process looks. Read More We provide many mental health and substance use services.
